By TOM CONRAD

Preliminary Results of 1980 Beef Referendum For Virginia - Preliminary results indicate that a majority of Virginia beef producers did not favor the Beef Referendum Research and Information Order.

The following charts show how Appomattox and Virginia farmers voted:

Total Registered	69	6760
Total Votes For	18	1489
Total Votes Against	35	4089
Total Votes Cast	53	5578

Although the above chart indicates the order failed by a substantial margin in Virginia, this does not mean that it won't pass. We have not received the nationwide results yet which could change the whole picture. When we do receive these results, they will be publicized.
